# WILSON PLEADS LEAGUE SUPPORT

President in His First Campaign  
Appeal to People Urges En-  
dorsement of Covenant

## DEFENDS ARTICLE X

Right of Congress to Declare or  
Not Declare War Is Not Im-  
paired, He Says

Washington, Oct. 3. — President Wilson, in his first campaign appeal, tonight made directly to the people, urged the endorsement of the League of Nations issue at the election, and declared "the whole world will wait for your verdict in November, as it would wait for intimation of what the future is to be."

The President characterized as "absolutely false" assertions that Article X of the league covenant would make it possible for other nations to lead the United States into war. There was nothing in the least interferes with or impairs the right of congress to declare war or not declare war according to its own independent judgment, as the constitution provides.

"My fellow countrymen," was the President's method of addressing his communication to the people. It contained no mention of presidential candidates by name, but was confined to a brief defense of Article X, and criticism of those who, he declared, had "grossly misled" the public with regard to the treaty.

### An Attempt at Americanism.

The President said that those who had spent their lives, as he had, "in familiarizing themselves with the history and traditions and policy of the nation, must stand amazed at the gross ignorance and audacity which has led them to attempt to invent an Americanism which has no foundation whatever in any of the traditions of the government."

### The text of the appeal follows:

"My Fellow Countrymen:

"The issues of the present campaign are of such tremendous importance and of such far-reaching significance for the influence of the country and the development of the future relations, and I have necessarily had so much to do with that development, that I am sure you think it natural and proper that I should address to you a few words concerning them. Everyone who sincerely believes in government by the people must regard the turn affairs have taken in regard to this campaign. This election is to be a genuine national referendum. The determination of a great policy, upon which the influence and authority of the United States the world must depend, must not be left to a group of politicians of either party, but is to be referred to the people themselves for a sovereign mandate to their representatives. They are to instruct their own government what they wish done.

### Thanks People Grossly Misled.

"The chief question that is put to you is, of course, this: Do you want your country's honor vindicated and the treaty of Versailles ratified? Do you in particular approve of the League of Nations as organized and empowered in that treaty? Do you wish to see the United States play its responsible part in it? You have been grossly misled with regard to the treaty, and particularly with regard to the proposed character of the League of Nations, by those who have assumed the serious responsibility of opposing it. They have gone so far that those who have spent their lives as I have spent mine in familiarizing themselves with the history and tradition of the nation must stand amazed at the gross ignorance and impudent audacity which has led them to attempt to invent an Americanism which has no foundation whatever in any of the authentic traditions of the government."

"Americanism as they conceive it, reverses the whole process of the last few tragical years. It would substitute America for Prussia in the policy of domination and defiant segregation. Their conception of the dignity of the nation and its interests, is that we should stand apart and watch for opportunities to advance our own interests, involve ourselves in no responsibility for the maintenance of right in the world or for the continued vindication of any of the things for which we entered the war to fight. The conception of the great creator of the government is absolutely opposite to this. They thought of America as the light of the world, as created to lead the world in the assertion of the rights of people and the rights of free nations; as destined to set a responsible example to all the world of what free government is and can do for the maintenance of the right standard, both national and international. This light the opponents of the league would quench. They would relegate the United States to a subordinate role in the affairs of the world.

### Should Meet Responsibility.

"Why should we be afraid of responsibility which we were qualified to sustain and which the whole of our history has constituted a promise to the world we would sustain? That has been the most momentous issue that has been presented to the people of the United States and I do not doubt,

# HARDING DENIES "BREAK" RUMORS

Nominee Finds No Lack of Har-  
mony in Speeches of Irrecon-  
cilable Senators

Marion, O., Oct. 3.—Reports of a break between Senator Harding and leading irreconcilables over the treaty issue again were denied tonight by the Republican Presidential nominee, who said he had received detailed information of public speeches by irreconcilable senators and had found in them no lack of harmony with his own views.

"I approve what Senator Borah has said in his public addresses," said Senator Harding. "He will continue to make speeches for the Republican ticket and I am sure I shall approve also what he says to the voters: the future."

"I have just received a full stenographic report of the address of Senator Johnson, made at Los Angeles September 25, which dispels conclusively any notion that Senator Johnson is out of harmony with the platform and the candidate."

"Senator Johnson repeatedly quoted from the League of Nations address which I delivered on August 28, giving his unqualified approval to it. His speech, with this generous endorsement of the party's platform and his own interpretation of its brings no surprise to me. More than that, it adds to my confidence that when we have recorded America against the menace which we were being let in for, we are going to be able to have America agree on a program which shall hold us forever free and still play a part in expressing the new conscience of the world."

Tomorrow, Senator Harding will motor to Fremont, O., to speak at the unveiling of a soldiers' memorial near the home of former President Rutherford B. Hayes. Original announcement of plans for the celebration contemplated the attendance of Governor Cox, the Democratic nominee, but the information at Harding headquarters tonight was that he would not be present.

One of the senator's longest campaign trips, taking him to Des Moines, Omaha, Kansas City and Oklahoma City, will begin on Wednesday. St. Joseph, Mo., was added to the itinerary today, a meeting having been arranged there for Friday, October 5.

## AFTER LIQUOR DEALERS

O'Connor Institutes Proceedings to  
Revoke 400 Permits in New  
York State.

New York, Oct. 3.—Proceedings for the revocation of approximately 400 permits issued to manufacturers and dealers in alcoholic liquors under provisions of the federal prohibition law will be begun immediately, C. R. O'Connor, federal prohibition director for New York state, announced tonight.

Mr. O'Connor said he had learned that permits had been issued to many persons who should not have received them and that acting under instructions from Washington, he will refuse until further notice, to approve additional applications for wholesalers' permits.

Prior to promulgation of the order from Washington, he said, 17,935 permits were issued in this state, including 1,919 to wholesalers, 5,718 to "users," 1,344 to "users and sellers," 5,610 to physicians, for prescriptions, while there was no record either here or at Albany of the issuance of a single permit to those engaged in manufacturing "flavoring extracts, syrups or beverages containing less than one-half of one per cent alcohol."

Mr. O'Connor said that since September 1, he had approved no permits for the purchase of whiskey, brandy, gin, or wine, except wine used for sacramental purposes.

that the hope of the whole world will be verified in absolute assertion by the voters of the country of the determination of the United States to live up to all the expectations which they created in entering the war and enabling the other great nations of the world to bring it to a victorious conclusion, to the confusion of Prussianism and everything that arises out of Prussianism. Surely we shall not fail to keep the promise sealed in the death and sacrifice of our incomparable soldiers, sailors and marines who await our verdict beneath the sod of France.

"Those who do not dare to tell you the truth about the League of Nations tell you that Article X of the covenant of the League would make it possible for other nations to lead us into war, whether we wished it or not. This is absolutely false. There is nothing in the covenant which in the League interferes with or impairs the right of congress to declare war or not declare war according to its own independent judgment, as our constitution provides. Those who drew the covenant of the League were careful that it should contain nothing which interfered with, or impaired the constitutional arrangement of the great nations which are to constitute its members. They would have been amazed and indignant at the things that are now being ignorantly said about this great and sincere document."

"The whole world will wait for your verdict in November, as it would wait for intimation of what its future is to be."

Signed "Woodrow Wilson."

# FIRST TITULAR GAME TUESDAY

Contesting Teams Said to Be More  
Evenly Matched Than World  
Series Contenders Generally

## BIG TICKET SALE

Applications for Reserved Seats  
Both in Brooklyn and Cleve-  
land Far Exceed Supply

New York, Oct. 3. — The world series of 1920, the blue ribbon event of baseball to decide the championship of America's national game, will be ushered in Ebbe's field, Brooklyn, Tuesday.

The contesting teams, Brooklyn and Cleveland, champions respectively of the National and American leagues, are said to be more evenly matched than world series contenders generally. The recent revelations before the grand jury in gambling in connection with the world series of last year, apparently has had the effect of making the players of both Brooklyn and Cleveland teams more determined than ever to make the contest a true test of the merits of both clubs.

The baseball fans of Brooklyn and Cleveland have been loyal throughout the season to their major league representatives. Reports from both clubs are that the applications for reserved seats far outnumber the seats to be disposed of and with the unreserved seats to be sold on the days the games are to be played, it will be a case of first come, first served.

The meeting of Brooklyn and Cleveland will bring together two teams developed and managed by leaders of entirely different schools of baseball. Wilbert Robinson, manager of the Brooklyn team, is a graduate of the Baltimore Orioles of the early nineties, a team that in its day was in a class by itself. Manager Robinson has been constantly connected with baseball since the days of the Orioles and has kept pace with the progress of the game.

Tris Speaker, manager of the Indians, is generally regarded as one of the greatest outfielders baseball has ever known. He is at present the only playing manager in either major league. He developed in less than two years an aggregation of players that was able to win for Cleveland its first championship in a major league circuit.

The Cleveland team is not expected to arrive in New York before Tuesday morning and it is likely that the Brooklyn club will extend the courtesy of permitting its opponents the use of Ebbe's field for a brief work-out.

## Cleveland Greets Speaker and His Pennant Winners

Cleveland, Oct. 3.—Thousands of Cleveland baseball fans were downtown tonight to welcome Tris Speaker and the Cleveland Indians, winners of the American league pennant, when they arrived home from Detroit. After years of patient waiting, Cleveland is at last to see an American league pennant and perhaps the world's championship flag float from the mast-head at League park.

James C. Dunn, president of the Indians, today wired his congratulations to Manager Speaker as follows:

"My sincere congratulations to you and all members of the team. I am sharpening my tomahawk and I am sure we will scalp the Dodgers. You fought fairly and squarely and deserve the championship."

For 42 years Cleveland has been represented in some major league, the last 20 years in the American league, but not until this season did any of its two score of teams bring home the pennant.

When Ray Chapman, the team's star shortstop, was killed in New York last August, the victim of a pitched ball, the Indians slumped badly, not caring whether they won the pennant or finished last.

It took nearly two weeks for them to recover from the shock. Then they were told by Manager Speaker that they "must carry on for Chappie's sake." They took heart, made a sprint from third place which ended in winning the pennant at Detroit yesterday, one day before the season closed.

## BROOKLYN'S AUXILIARY BISHOP IS CONSECRATED

New York, Oct. 3.—Rev. Thomas Edmund Molloy, appointed auxiliary bishop of Brooklyn by Pope Benedict XV today, was consecrated at St. James' Pre-Cathedral at Brooklyn. Two hundred ecclesiastics from all parts of the United States were present. The new bishop, whose titular see is Korea, succeeds Archbishop Mundelein, now in charge of the arch diocese of Chicago.

Rev. Charles Edward McDonnell, bishop of Brooklyn, was the consecrating bishop and was assisted by Bishop Gibbons of Albany and T. J. Walsh of Trenton.

## LABOR OPPOSES WADSWORTH

Washington, Oct. 3. — Fifteen representatives of organized labor, headed by Frank Morrison, secretary of the American Federation of Labor, will enter the campaign to defeat Senator Wadsworth, Republican, New York, next week, federation headquarters announced tonight. Mr. Morrison's first speech will be at Syracuse, the federation's fight against Senator Wadsworth centers around his vote on suffrage amendments and the transportation

# SAYS WHITE SOX 'THREW' PENNANT

Charges Are Made That Certain  
Players Regulated Their Play-  
ing by Score Board

Chicago, Oct. 3. — Charges that certain Chicago White Sox players regulated their playing this season by the score board, winning or losing as the occasion demanded in order to keep the betting odds favorable, were made tonight by Byrd Lynn and Harvey McClellan, who said that as "bets were made" most of the season, they have studied the players carefully and were convinced the Sox were thrown out of the pennant.

"We lost the pennant because certain players—they are among those indicted by the Cook county grand jury—didn't want us to win," Lynn said. "We soon noticed how carefully they studied the score boards. More than even the average player does in the pennant race and they always made errors which lost us the game when Cleveland and New York were losing. If Cleveland won—we won. If Cleveland lost—we lost. The idea was to keep up the betting odds, but not to let us win the pennant."

McClellan said said he was convinced certain players had deliberately thrown three games in Boston in the last series.

"Several of the players noticed how the score board affected the others," he added, "and we felt all along that these men were regulating their play according to the play of other teams."

No announcement has been given whether any of the White Sox players will be called before the grand jury when it reconvenes in special session on Tuesday to continue the baseball inquiry. It is believed, however, that several of the players against whom indictments have not been voted, will be called to tell their views and give opinions as to the ease or difficulty of "throwing" games.

### Brothers Will Be Opponents.

New York, Oct. 3. — An interesting feature of the coming world series will be that for the first time in a world championship series, two brothers will appear as opponents. They are "Jimmy" Johnston, Brooklyn third baseman, and "Doc" Johnston, Cleveland first baseman.

The Cleveland team is not expected to arrive in New York before Tuesday morning and it is likely that the Brooklyn club will extend the courtesy of permitting its opponents the use of Ebbe's field for a brief work-out.

New York, Oct. 3. — Notwithstanding the general increase in baseball throughout the country it is unlikely that in the coming series to decide the world's championship that new records will be made in attendance for a single game or for the series. The reason for this is that the capacity of the parks where the games are to be played is insufficient to erase from the record books the top notch figures that have been established in previous years.

The largest crowd that ever witnessed a single game in a world's series was 42,620, which was the announced official attendance for the final contest of the 1916 series between the Boston Red Sox of the American league and Brooklyn of the National league, played at Boston. The best record for total attendance at a series was made in 1912, when the Boston team of the American league and the New York team of the National league played to 251,901 persons in eight games.

Ebbe's field, the home grounds of the Brooklyn club of the National league, has been tested to its capacity in one world's series, that of 1916, and while it is possible for between 22,000 and 23,000 to crowd into the stands and pavilions, the largest official attendance there in the 1916 series was 21,662. The parks of the contending clubs for the American league pennant show no possibilities for new attendance figures for a single game, or the likelihood of a new record for the series when paired with the comparatively small capacity of Ebbe's field. The seating capacity of the park at Cleveland is approximately 20,700, while that of the Chicago White Sox is in the neighborhood of 35,000. The largest number that has attended a world's series game at the grounds of the White Sox was 34,372, the official attendance at the fifth game of the series between the White Sox and Cincinnati last year.

## W. MURRAY CRANE DIES

Former United States Senator and Re-  
publican Leader Succumbs to  
Sleeping Sickness.

Boston, Mass., Oct. 3. — W. Murray Crane, former United States senator and for many years a leading figure in Republican politics, died early today at the family home, "Sugar Hill." Sleeping sickness, which followed an illness of several months, brought death quietly after four days.

The actual cause, his physicians said, was inflammation of the brain.

His wife, two sister and his son, W. Murray Crane Jr., were at the bedside. National politics, in which Senator Crane had been an active figure for years, were closely connected with the illness which was a precursor of the end. The senator, who had been a national committeeman of the Republican party in Massachusetts for years, announced his retirement before the national convention, but went to Chicago to make a fight for Republican endorsement of the League of Nations.

## TWO PRIESTS ELEVATED.

London, Oct. 3. — The condition of Terence MacSwiney, lord mayor of Cork, tonight was the same as it was yesterday. According to the bulletin of the Irish Self-Determination league issued

# MILK PROBLEM NOW FARMERS'

Refusal of Manufacturers of Milk  
Products to Buy From Produc-  
ers Develops Bad Situation

## NO SURPLUS SUPPLY

Farmers May Be Obligated to Slaugh-  
ter Cattle During Period of Re-  
adjustment, It Is Feared

New York, Oct. 3. — Farmers of the state are confronted with the alternative of slaughtering their cows in order to reduce milk production or finding other markets for their milk as a result of the refusal of manufacturers of milk products to buy milk from the producers. R. D. Cooper, president of the Dairyman's league, declared in a statement here tonight.

While dairymen are deprived of a market for a large part of their product, the statement said, "the present situation does not mean that there is a surplus of milk." The fluid market, it added, is demanding more milk than ever before at this season.

Prohibition and a better understanding by the people as to the food values of milk, are responsible in part for a large increase in the consumptive demand," the statement said.

Today, storehouses are filled with manufactured milk products, and the manufacturer tells up that he has enough stock on hand to last for six months. The condensed milk was made with high priced sugar. Sugar has dropped nine or ten cents a pound in the last two months and the manufacturer now proposes to get rid of a part or all of his high priced supply before he makes up a new lot of condensed milk with low priced sugar.

If the producers are deprived of their market, Mr. Cooper's statement asserted, they cannot continue feeding their cattle and must sell them for beef. The supply of milk might fall so low, it declared, that there would not be enough milk to go around when market conditions again become normal, either for the manufacturing or fluid milk market. Then the price of milk to the consumer would be exceedingly high.

"If condensed milk was sold in an unrestricted market, the retail price to the consumer would be greatly reduced."

The Dairyman's League Co-operative association, he said, now is operating 14 farmer-owned country milk plants and the fact that manufacturers are refusing to take milk at the condenseries at any price, is a most vital reason why dairymen should own more and more milk stations.

## ORGANIZE MOTOR CORPS.

New York, Oct. 3. — Organization of a Republican Women's Motor corps was announced at Republican headquarters here today. Miss Maude Wetmore of Newport, R. I., is chairman. The organization is composed of women who offered "h. i. c. s." and personal service during the remainder of the presidential campaign to transport speakers for parades and for other services in 4,000 counties of the United States.

## SAME POLITICAL HUMBUGS.

New York, Oct. 3. — Morris Hillquit, Socialist party leader, in an address here tonight, opening his campaign as the party candidate for representative in congress from the 20th New York district, declared "but little had happened in American politics in the last four years."

"There are the same humbugs there were four years ago and 20 years ago," he added.

## SHILLER IN NEW YORK.

New York, Oct. 3.—Nathan L. Shiller, Republican candidate for governor, will spend the greater part of the coming week of his campaign in the vicinity of New York, according to a statement announced today at the headquarters of the Republican state committee. He will speak in Rome tomorrow and is expected to arrive in New York Tuesday morning.

## GOVERNOR'S WEEK'S ITINERARY.

New York, Oct. 3. — Governor Smith will carry his campaign into northern New York during the coming week, it was announced at Democratic state headquarters tonight. He will spend tomorrow here and attend a reception in honor of Lieutenant Governor Walker in the evening.

## TROUBLE IN CORN.

Cork, Oct. 3. — There were disorders here in Patrick street Saturday night in the course of which a constable was wounded. He died shortly afterward. A civilian also was shot and severely wounded. The front of a shop was blown out by a bomb and the contents of it were destroyed.

cover. Within the last week, the heart action became weak, arterial circulation was slow and long spells of drowsiness were succeeded by heavy sleep, ended by death.

Besides Mrs. Crane, who was the senator's second wife, and who before her marriage was Miss Josephine Perkins, Boardman of Washington, a sister of Miss Mabel Boardman, Senator Crane is survived by his son, W. M. Crane Jr., the child of his first marriage, and three minor children of his second marriage.

# NEAR EAST RELIEF SCANDAL EXPOSED

Details of Alleged Thefts by Offi-  
cers and Employees Are Re-  
vealed in Constantinople

Constantinople, Oct. 3.—Details of alleged thefts from the Near East Relief by officers and employees were brought out in evidence here today during a hearing of six Americans who were arrested on a charge of having defrauded the organization.

Davis, one of the defendants, testified that he had been a member of the executive committee of the Near East Relief, had visited him in prison and given him a message from Charles V. Vickery, general secretary of the organization, that he (Vickery) was sorry Davis was in such a position. Mr. Vickery was at that time in Switzerland, the defendant testified.

Admission was made on the witness stand by Lt. Col. Coombs that many expensive dinners to high allied officers had been given with money belonging to the Near East Relief.

## GARY SEES BRIGHT FUTURE FOR STEEL

Head of United States Steel Cor-  
poration Returns From Europe  
With Interesting Data

New York, Oct. 3.—Elbert H. Gary, head of the United States Steel corporation, returned from a European vacation trip today on the steamship LaFrance, bringing data on reconstruction work in France and Belgium, which, he said, would be given to his organization and to the iron and steel institutes at their next meetings. With Mr. Gary was his wife who accompanied him on a tour through Spain, France and Belgium.

Mr. Gary said the information he obtained is of great interest to the steel industry. He would make no comment on the labor situation.

"From my information," Mr. Gary said, "I consider the steel industry is in a healthy condition, although there has been a noticeable diminution in volume and a decrease in prices. So far as our corporation is concerned, conditions are perfectly satisfactory. Our policy is to keep prices from going too high or too low."

He said he hoped steel prices would not be affected to a great extent by the freight rate increase.

## COX IS CHEERED ON RETURN HOME

Swing of 11,000 Miles Through  
Western States Ends in Dayton,  
Ohio, on Sunday Night

Dayton, O., Oct. 3. — Governor Cox was given a warm "welcome home" reception tonight, upon returning from his month's western trip. Arriving here about 5 o'clock, the Democratic presidential candidate was cheered by several thousand persons as he stepped from his private car which had carried him 11,000 miles through all the states west of the Mississippi, except Texas, Arkansas and Louisiana.

He was met at the station by Mrs. Cox, his son-in-law and daughter, Mr. and Mrs. E. J. Mahoney, and many personal friends. The crowd insisted that he talk and followed him to his newspaper office where the candidate mounted to a ledge of the building and expressed his appreciation of the welcome. He then went to his home where he expects to rest for a couple of days.

En route here from Kansas City, Mo., where he closed his western campaign last night, the governor had an hour's conference with Franklin D. Roosevelt, who rode from Terra Haute to Indianapolis with his chief, Mr. Roosevelt then left to continue his second western trip.

At several cities today Sunday crowds met Governor Cox's train and with police barged on the Sabbath he spoke a few words to the people and appreciation.

## FOREIGN TRADE INCREASES.

New York, Oct. 3. — The foreign trade of the United States for 1920 will approximate \$14,500,000,000, according to estimates compiled by the National City bank. This total compares with \$11,000,000,000 in 1919 and \$9,000,000,000 in 1918 and 1917, slightly less than \$8,000,000,000 in 1916. It is more than \$4,000,000,000 in 1915 and about \$4,000,000,000 in 1914, the year immediately preceding the war.

## RAILS RULE HIGH IN WEEK'S TRADE

Industrial Issues on the Other Hand Reached Their Lowest Quotations This Year

New York, Oct. 3.—Highest quotations for a majority of the railroads and lowest quotations for the same period by almost three score prominent industrial and specialties featured last week's busy but irregular stock market.

Reasons for this seemingly contradictory condition were found in the growing conviction that the transportation systems have shown up the handicap imposed by federal control, while the decline of industrial and specialties reflected further reductions of commodity prices.

Accompanying this adjustment of industrial conditions were many undoubted indications of a gradual diminution of output in various lines of manufacture. These, however, being mainly of the so-called non-essential variety.

The decline was most severe in motors and kindred issues, also some of the food shares, notably sugars and shares of no special classification whose fortunes have been at low ebb since the end of the World war. That many of the latter may soon find it necessary to cut or suspend dividends and perhaps undergo drastic recapitalization is regarded by impartial observers as a foregone conclusion.

Brighter aspects of the financial and investment situation were presented by a broader demand for bonds at materially higher levels and the further ready acceptance of several new capital offerings of domestic and foreign issues.

Opinions in banking quarters were regarding the course of the money market in the final quarter of the year. October interest and dividend disbursements aggregate \$347,000,000, this being less by about \$6,000,000 than the payments in the corresponding period of 1919.

## Fast Game at Neahwa Park.

The ball game Saturday afternoon at Neahwa park between the D. & H. signal departments of the Saratoga and Susquehanna divisions was announced to be "fast," and it was the visitors went so fast that the Oneontans didn't get a look-in. Result: Saratoga, 13; Oneonta, 0. The local team was completely outclassed and the game was mere kid's play. The Saratogans kept the air so full of batted balls that the game had to be called off on account of darkness.

I will be at my farm four miles from Oneonta on the state road towards West Davenport for one week. Anyone wishing sweet cider, come with your dishes, at 20c per gallon. I have one 48 and one 52 gallon barrel at 50c per gallon delivered. Stewing apples, 75c per bushel. Winter apples, hand picked, \$1.00 per bushel. Pears at \$1.25 per bushel. Fresh cows, also October and November cows and a few spring cows milking fine. F. H. Bouton, 52 Dietz street, Oneonta, phone 362.W.

I hereby forbid anyone trusting or harboring my wife, Mable M. Whitney, on my account, on and after this date, October 1, 1920. Ray A. Whitney.

## ESCAPED AN OPERATION

By Taking Lydia E. Pinkham's Vegetable Compound. Many Such Cases.

Cairo, Ill.—"Sometime ago I got so bad with female trouble that I thought I would have to be operated on. I had a bad displacement. My right side would pain me. I was so nervous I could not hold a glass of water. Many times I would have to stop my work and sit down or I would fall on the floor in a faint. I consulted several doctors and every one told me the same but I kept fighting to keep from having the operation. I had read so many times of Lydia E. Pinkham's Vegetable Compound and it helped my sister so I began taking it. I have never felt better than I have since then and I keep house and am able to do all my work. The Vegetable Compound is certainly one grand medicine."—Mrs. J. E. Matthews, 3311 Sycamore Street, Cairo, Ill.

Of course there are many serious cases that only a surgical operation will relieve. We freely acknowledge this but the above letter, and many others like it, amply prove that many operations are recommended when medicine in many cases is all that is needed.

## LEONARD-BRITTON FIGHT INDEFINITELY POSTPONED

Cleveland, Ohio, Oct. 3.—The ten-round boxing bout between Jack Britton, champion welterweight, and Ben Leonard, champion lightweight, was indefinitely postponed Saturday because of cold weather. The bout was originally scheduled for Thursday night at League park, but was postponed Thursday and Friday nights because of rain and cold. It is impossible to stage the battle this week because of the world's series arrangement and the fact that Leonard had a previous engagement at Hartford, Conn. The bout would have been staged indoors, but there was no building available.

## Rich Blood Secret of Good Health.

Here Is A Suggestion Along That Line

Thin impoverished blood results in pale, sallow complexion, run-down, anemic conditions, and leaves one without strength, energy or ambition. Lots of people here think that the one great remedy for this condition is iron, that non-secret cod liver oil and iron tonic without oil, which with the beef pentones and glycerophosphates contained in it, acts very quickly in creating thousands of red corpuscles in the blood, it quickens the circulation, increases the appetite, aids digestion, and in this natural manner creates strength, vitality and energy. Hundreds of people in this vicinity have testified to its value.

## In Selecting A Kitchen Range

there are certain advantages that you desire. They include the best cooking results, the use of coal or gas at the same time or independently; convenience, economy, durability.

You get ALL these in the Gold Medal Glenwood—a range that is less than 4 feet in length—that has an oven used exclusively for 2 coal fire, a separate gas oven and a broiling oven; a top that will accommodate NINE large utensils at one time—and ABSOLUTE SAFETY. The heat from the coal never reaches the gas section.

In the Gold Medal Glenwood you have a cooking area amounting to 2,604 square inches—more than 18 square feet!

You can do all of your cooking at one time. You can do it better—with less waste and less work. You have coal for Winter, to help warm the kitchen; and gas for Summer, to help keep the kitchen cool.

When you purchase the Gold Medal Glenwood, you solve all of your range problems for many years.

Can and See Them and you will understand at once why a Glenwood Range "Makes Cooking Easy"

## 13 Eggs A Day From 17 Young Pullets

Mrs. Niles Starts 6-months Old Pullets Laying. Tells How.

"Early in November, I bought a package of Don Sung and started giving it to 17 Xas pullets. In the first 30 days they laid 133 lovely eggs. All through December I got 11 to 13 eggs a day. — Mrs. E. F. D. 2, Luccerne, Ind. — Mrs. Niles found how to start young pullets laying and keep them laying all winter. The same method helps hens through the moult, and starts them laying. You can test this at our risk. Give your hens Don Sung and watch results for one month. If you don't find that it pays for itself and pays you a good profit besides, simply tell us and your money will be cheerfully refunded. Don Sung (Chinese for egg-laying) is a scientific tonic and conditioner. It is a healthy tonic to the feed, improves the hen's health and makes her stronger and more active. It tones up the circulating system, and gets the eggs, no matter how cold or wet the weather. You can obtain Don Sung from your druggist or poultry supply dealer, or send \$1.00 (includes war tax) for a package by mail. Durrell-Ducker Co., 214 Columbia Bldg., Indianapolis, Ind.

## RAILS RULE HIGH IN WEEK'S TRADE

Industrial Issues on the Other Hand Reached Their Lowest Quotations This Year

New York, Oct. 3. — Highest quotations for a majority of the railway issues and lowest quotations for the same period by almost three score prominent industrial and specialties featured last week's busy but irregular stock market.

Reasons for this seemingly contradictory condition were found in the growing conviction that the transportation systems have thrown up the hands imposed by federal control, while the decline of industrial and specialties reflected further reductions of commodity prices.

Accompanying this adjustment of industrial conditions were many indubitable indications of a gradual diminution of output in various lines of manufacture. These, however, being mainly of the so-called non-essential variety.

The decline was most severe in motors and kindred issues, also some of the food shares, notably sugars and shares of no special classification whose fortunes have been at low ebb since the end of the World war. That many of the latter may soon find it necessary to cut or suspend dividends and perhaps undergo drastic recapitalization is regarded by impartial observers as a foregone conclusion.

Brighter aspects of the financial and investment situation were presented by a broader demand for bonds at materially higher levels and the further ready acceptance of several new capital offerings of domestic and foreign issues.

Opinions in banking quarters were regarding the course of the money market in the final quarter of the year. October interest and dividend disbursements aggregate \$347,000,000, this being less by about \$6,000,000 than the payments in the corresponding period of 1919.

## Fast Game at Neahwa Park.

The ball game Saturday afternoon at Neahwa park between the D. & H. signal departments of the Saratoga and Susquehanna divisions was announced to be "fast," and it was—the visitors went so fast that the Oneontas didn't get a look-in. Result: Saratoga, 18; Oneonta, 0. The local team was completely outclassed and the game was mere kid's play. The Saratogans kept the air so full of batted balls that the game had to be called off on account of darkness.

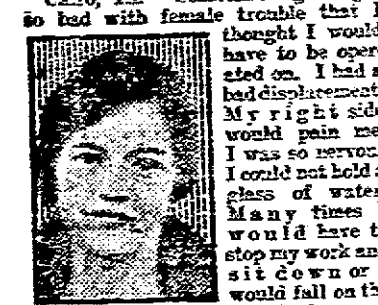

I will be at my farm four miles from Oneonta on the state road towards West Davenport for one week. Anyone wishing sweet cider, come with your dishes, at 20c per gallon. I have one 48 and one 52 gallon barrel at 50c per gallon delivered. Stewing apples, 75c per bushel. Winter apples, hand picked, \$1.00 per bushel. Pears at \$1.25 per bushel. Fresh cows, also October and November cows and a few spring cows milking fine. F. H. Bouton, 82 Dietz street, Oneonta, phone 362.W.

I hereby forbid anyone trusting or harboring my wife, Mable M. Whitney, on my account, on and after this date, October 1, 1920. Ray A. Whitin

## ESCAPED AN OPERATION

By Taking Lydia E. Pinkham's Vegetable Compound. Many Such Cases.

Cairo, Ill. — "Sometime ago I got so bad with female trouble that I thought I would have to be operated on. I had a bad disappointment. My right side would pain me. I was so nervous I could not hold a glass of water. Many times I would have to stop my work and sit down or I would fall on the floor in a faint. I consulted several doctors and every one told me the same but I kept fighting to keep from having the operation. I had read so many times of Lydia E. Pinkham's Vegetable Compound and it helped my sister so I began taking it. I have never felt better than I have since then and I keep house and am able to do all my work. The Vegetable Compound is certainly one grand medicine." — Mrs. J. R. Matthews, 3311 Sycamore street, Cairo, Ill.

Of course there are many serious cases that only a surgical operation will relieve. We freely acknowledge this but the above letter, and many others like it, amply prove that many operations are recommended when medicine in many cases is all that is needed.

## LEONARD-BRITTON FIGHT INDEFINITELY POSTPONED

Cleveland, Ohio, Oct. 3. — The ten-round boxing bout between Jack Britton, champion welterweight, and Benny Leonard, champion lightweight, was indefinitely postponed Saturday because of cold weather. The bout was originally scheduled for Thursday night at League park, but was postponed Thursday and Friday nights because of rain and cold. It is impossible to stage the battle this week because of the world's series arrangements and the fact that Leonard had a previous engagement at Hartford, Conn. The bout would have been staged indoors, but there was no building available.

## Rich Blood Secret of Good Health

Here Is A Suggestion Along That Line

Thin, impoverished blood results in pale, sallow complexion, run-down, anemic conditions, and leaves one without strength, energy or ambition. Lots of people here think that the one great remedy for this condition is Vinol, that non-secret cod liver and iron tonic without oil, which with its beef peptides and glycerophosphates contained in it, acts very quickly in creating thousands of red corpuscles in the blood. It quickens the circulation, increases the appetite, aids digestion, and in this natural manner creates strength, vitality and energy. Hundreds of people in this vicinity have testified to its value.

## In Selecting A Kitchen Range

there are certain advantages that you desire. They include the best cooking results, the use of coal or gas at the same time or independently; convenience, economy, durability.

You get ALL these in the Gold Medal Glenwood—a range that is less than 4 feet in length—that has an oven used exclusively for a coal fire, a separate gas oven and a broiling oven; a top that will accommodate NINE large utensils at one time—and ABSOLUTE SAFETY. The heat from the coal never reaches the gas section.

In the Gold Medal Glenwood you have a cooking area amounting to 2,604 square inches—more than 18 square feet!

You can do all of your cooking at one time. You can do it better—with less waste and less work. You have coal for Winter, to help warm the kitchen; and gas for Summer, to help keep the kitchen cool.

When you purchase the Gold Medal Glenwood, you solve all of your range problems for many years.

Call and See Them and you will understand at once why a Glenwood Range "Makes Cooking Easy!"

### WHEN A BANK NEEDS A FRIEND

None of the banking institutions that have experienced trouble lately in Boston were members of the Federal Reserve system. Bankers are of the opinion that if they had been, there would have been no occasion to suspend payments to depositors.

That the Federal Reserve system has exercised a potent influence in the maintenance of stability among its members is well recognized and has been fully demonstrated on more than one occasion. It is not generally known that not long ago two New York up-state banking institutions got into straightened circumstances, but were helped out of their difficulties by the New York Federal Reserve bank. The latter stepped in and by carefully nursing their loans and securities put them on their feet again, without the public ever knowing anything about the incident.

In this way the Federal Reserve banks can accomplish more towards saving an institution in trouble than the comptroller's office. When the affairs of a national bank compel the comptroller to intervene, he has no recourse but to pull down the shades and close the doors. Very few banks can resume business again after this publicity. Prevention, rather than cure, in these cases, is the Federal Reserve motto.

Practically all the banks in Otsego county are members of the Federal Reserve system and can avail themselves of its advice and resources when needed.

### MORE INCOME TAX MONEYS

Otsego County Gets Further Allotment of \$4,266, Making Total \$38,398 to Date.

Otsego county's second portion of the state income tax collections was received Saturday by County Treasurer Johnson in the form of a check for \$4,266.52 from State Comptroller Davis.

On June first the county received the first allotment and its total share now amounts to \$38,398.58. Altogether \$38,000,000 has been handed over to the state and localities from this source. Previously \$22,000,000 was distributed and \$4,000,000 is now being allotted. One-half of the money goes to the state treasury, so today's share is part of two million paid out to the counties.

City and village treasurers and town supervisors are waiting on the county treasurer's doorstep. This money rests but briefly in his safe until he figures up the shares to be apportioned out to these local fiscal officers, based on the assessed valuation of the real property.

Cities are paid their share directly by the county treasurer. When towns do not include a city or village, the supervisor uses this money for general town purposes. When incorporated villages and cities are entirely within a town, it is divided between the town and the villages.

The total figures for other counties in this portion of the state are as follows: Broome, \$197,396.50; Chenango, \$27,283; Delaware, \$36,554.64; Schoharie, \$17,296.62.

### Legion Men Running a Restaurant.

Raising funds for the conduct of their work is one of the chief problems of practically every American legion post in the country. One of the most unique methods yet heard of is going on in Cooperstown, where Parshall's restaurant, for years one of the village's best eating places, has been purchased by the legion, possession to be given November 1. The restaurant will be continued, the profits going into the legion's treasury, and the second floor used for recreation and club rooms, with sleeping rooms on the third floor. The lunch room will be in charge of a competent man who will make a specialty of good things to eat at reasonable prices. The plan to purchase the restaurant was advanced at the annual meeting of the post and it required but a little time to carry it out.

### World Wide Guild Raïles.

An enthusiastic rally of the World Wide Guild took place last Saturday afternoon at the First Baptist church, when a get-together social meeting was enjoyed. In addition to donations from the local First and World Wide churches, there were large contributions at the meeting from Otsego and Bainbridge. The meeting opened with a well-arranged program including musical selections and an inspiring address by Mrs. Ralph A. White of Bainbridge. Reports of the progress of the organization's work were read and showed the society to be in a very satisfactory condition. The afternoon which was a pleasant one to all concerned, closed with the serving of light refreshments.

### When the Salt Lost Its Sav.

About 40 tons of salt were left piled up along the railroad track, when the recent rains came and left exposed to the sun. The heavy rains of Monday night and Tuesday started a process of evaporation on its way to the sea.

## ONEONTA PUBLIC LIBRARY

New Volumes of Fact and Fiction for Old and Young Lately Added to Circulation.

There are many interesting titles among the new books just received at the library and ready for circulation today. This is really the "book season" of the year.

Among the fiction are: Mary Wollstonecraft, by H. K. Webster; Poor Relations, by Compton Mackenzie; No Defense, by Sir Gilbert Parker; The Power of a Lie, by Johan Beyer, author of the highly rated novel of last year, The Great Hunger; Dine, G. H. Aime, by M. A. Nexo; Egan, by Holmwood Hall; Callahan, by W. L. George; and The Foolish Lovers, one of St. John's favorite books.

Some of the non-fiction of compelling interest are: The Inside Story of the Peace Conference, by E. J. Dillon; Socialism, by W. E. Walling; Motherhood, by C. G. Hartley; Poems by a Little Girl, the much-talked-of and highly rated book by Hilda Conkling, a very young girl; The Notebooks of Samuel Butler, author of "Way of All Flesh"; South Sea Poem, by A. S. Brown; Middleton, a book in which is found much of the old-time atmosphere of the interesting Polynesian Islands and many of the legends told by their old chiefs; My Three Years in America, by Count Bernstorff, covering Germany and the United States before the war, German propaganda in the United States, political events preceding the "Lusitania" incident, and other interesting chapters up to the rupture of diplomatic relations and return home.

There is an equal number of interesting new books for the children's room.

### YOUNG OSTRANDER FINED.

Jury in City Court Finds Him Guilty of Reckless Motorcycle Driving.

City court was the scene Saturday morning of another of those jury trials demanded by a person accused of a comparatively minor crime, and which in a majority of cases results in the original charge being upheld by the jury.

This time, the center of the controversy was Richard Ostrander, a well-known local young man, who was arrested last week by Police Commissioner Elmore, charged with reckless driving. "Dick" recently came in to the possession of a speedy motorcycle, and it is said that he occasionally had the inclination to "step on the gas" while going through the streets of the city. Mr. Elmore said this was what Ostrander was doing when he saw him on Dietz street. As a result, the young man was brought into court after he was apprehended and charged with reckless driving. Ostrander entered the plea of not guilty, saying that he was not endangering anyone by his driving, and demanded a jury trial, retaining Attorney John G. Johnson as his counsel.

The trial Saturday morning consumed little time. Ostrander took the stand in his own defense, but evidently did not greatly impress the jury. Mr. Elmore and Marcus Hemstreet appeared for the prosecution, whose case was handled by City Attorney VanWoert. The case was quickly given to the jury, and a verdict of guilty as charged was soon returned.

Judge Frank C. Huntington then imposed a fine of \$10, which Ostrander paid. And the trial was over.

### HOBART MAN IN TROUBLE.

Arrested in Albany Charged with Driving Car While Intoxicated.

The following item is taken from Saturday's Albany Journal: John Foote, 34, of Hobart, Delaware county, arrested yesterday afternoon by Patrolman John Gregory on a charge of being intoxicated while driving an automobile, pierced not guilty in police court today and was released on \$500 bail for a hearing next week. Foote was overtaken several blocks from North Pearl street, where it is alleged, he collided with the auto of Colonel Henry J. Hunt of the local army recruiting station. Police say Foote failed to stop after the crash, the officer declaring he continued zig-zagging along the streets in the machine, endangering traffic and pedestrians.

### Nurses Must Register With State.

At a meeting of the Otsego County Nurses' association, held Friday afternoon in the Nurses' home at the Fox Memorial hospital, the nurses present discussed the new state registration law. This measure, recently enacted, provides that no so-called "trained nurse" can carry on her vocation unless she has registered with the state authorities. The law, which is designed to prevent unqualified nurses posing as graduate nurses, goes into effect next January 1, and all nurses must register by that date.

The next meeting of the Nurses' association, which is to be held on Saturday, Nov. 2, will be the annual meeting, at which time new officers will be elected.

## Hold Both Soil and Moisture

(National Crop Improvement Service.)  
ON THE average hillside farm, the rain runs down in gullies, washing away the soil and wasting the valuable moisture.

Here is a hillside field that has been saved by terracing. Picture is taken after a rain but shows no washing. You will note how perfectly the water is held behind the terrace and between the rows which run parallel with the terrace.

In some forms of terracing, excessive water moves slowly around the hill and is let off gradually. In other forms of terracing, the water simply sinks into the land and all the moisture is preserved.

Terracing costs little and the work is quickly done, and when it is properly done, it is done for keeps.

It requires but little work to keep

the terrace in shape. The most practical implement for making terraces, is a V shape farm ditcher, terracer and grader, because it does all the different parts of the work perfectly with no loss of labor.

Every one of the agricultural colleges is giving special attention to the work of terracing and your county agricultural agent will be glad to help you run your levels.

There are thousands of acres of land which will be utterly ruined if terracing is not done.

If there is anything in your soil-washing problem which puzzles you, you can get practical aid from your state agricultural college. Don't let your valuable land wash away or stand idle. Properly terraced, many farms are doubled in value.

### INURED AT THE FAIR.

Sidney Shoemaker Knocked Down by Auto at Oneonta.

Chauncey Simmons, Sidney's Main street shoemaker, attended the fair at Oneonta on Thursday and as the result of an encounter with an automobile his right leg is pretty badly swollen and he is not fitting around with his usual agility. Mr. Simmons was on his way from the downtown section to the fair grounds and was following the crowd. In crossing one of the streets near the fair grounds, an automobile turned the corner and without a warning foot of its klaxon bumped into him, the fender striking him just above the knee, although he had tried to jump out of the way of the auto, when the car had struck a bicycle, completely smashing the wheel. He did not think that he was injured at the time, so did not take the number of the car, nor does he know who the careless driver was.

(Walton Reporter.)

### Further Election Statements.

Assemblyman Allen J. Bloomfield of Richfield Springs spent \$94 to secure a senatorial nomination in the district of which Otsego county is a part. Samuel A. Jones of Norwich, a congressional candidate and former member of the state senate, spent \$2,900 and received \$750 in contributions.

## DOUBLE WEDDING SATURDAY

Ruth B. Wood Bride of Stewart Lull.

Bernice Wilbeck of Ernest Brette.

There was a double wedding service Saturday morning at the home of the officiating clergyman, Rev. B. M. Johns, D. D., on Chestnut street, when Miss Ruth Blanche Wood became the bride of Stewart L. Lull; and Miss Bernice Marguerite Wilbeck of Ernest B. Brette. In each case the bride and groom, in the one wedding acted as bridesmaid and best man in the other. The wedding gown of Miss Wood was of dark blue tulle; that of Miss Wilbeck of dark blue serge, each with hat to match.

Following the ceremony, the two couples left by auto for Binghamton, Syracuse, Buffalo and Niagara Falls. They will return about October 15, and Mr. and Mrs. Lull will reside at 31 Main street; Mr. and Mrs. Lull at 522 Chestnut street.

Mr. Lull, who is a salesman with the Delaware & Hudson company, did valiant service in the American army overseas during the World war, obtaining the rank of corporal. His bride, who is a daughter of John Wood of 176 Main street, is a valued employee of the Quality Silk mill. Mr. Brette is by occupation a journeyman mason, residing at 50 Fair street. His bride, who is a daughter of Clarence O. Wilbeck of 51 Main street, has been for some time a much esteemed employee of the Gloversville Knitting company.

All are well known and respected residents of this city, and they have a host of friends who will wish for them a long and happy married life.

## Sprague-Osborn Wedding

George F. Sprague of 497 Main street and Miss Sara E. Osborn of Gardner place, this city, were married Saturday at 9 a. m. at the Main Street Baptist parsonage by Rev. Charles S. Pendleton, D. D., pastor of that society. They were attended by Mr. and Mrs. Edward L. McIntosh of 7 Ohio street. Following the ceremony, Mr. and Mrs. Sprague left on a wedding trip to Binghamton. They will be absent about a week and on their return will reside at 497 Main street.

Mr. Sprague is a locomotive inspector with the Delaware & Hudson company, and his bride was formerly a valued employee of the Riverside company. Both have many friends whose best wishes will attend them.

## Simmons-VanDuser

Mrs. Mary VanDuser of Binghamton and Burton J. Simmons of Oneonta were married in Albany on Saturday, Sept. 25. They will make their home in Kingston.

## Alford-Christian

Fred B. Alford and Miss Mildred E. Christian, both of Bainbridge, were married Wednesday at the parsonage of the First Baptist church, by the Rev. T. Valentine Parker. After Oct. 15 they will reside at Oneonta. [Binghamton Press.]

## ATTEND DENTISTS' CONVENTION

Dr. Baylis and Lesner Return From Two Days' Meeting in Norwich.

Dr. C. F. Baylis and Dr. W. J. Lesner returned Saturday night from Norwich, where they attended the first semi-annual meeting of the Sixth District Dental Society. The two local dentists said that the sessions of the convention were the most instructive and interesting they had attended in several years. Special stress was laid on the relation of dentistry and medicine, a subject which, while before the dentists of this country for many years theoretically, has only been worked upon in a practical way for the past five or six years.

During that time, dental surgery has advanced more than any other science in the same space of time. The profession has been engaged in an active campaign for the instruction and education of the people in the care of the teeth, not only for the sake of the teeth themselves but as a safeguard for the general health. More stress is caused by unhealthy conditions of the teeth than are caused by any other disease agent of the body. It is the furthering of the cause of broader knowledge and understanding of the importance of a dentist's work that these semi-annual meetings are held.

About 75 dentists of the district were present at the convention, which consumed all of Friday and Saturday, closing with a clam bake and golf tournament Saturday afternoon. Addresses by many prominent men in the profession featured the convention and much information of general interest was gleaned. Dr. Baylis' name appears on the program of Friday afternoon's session, he taking part in the discussion of a subject of general interest to dentists.

## Rally Day Exercises.

The Sunday school rally day exercises at the Main Street Baptist church yesterday at the regular school hour were largely attended. The excellent program which had been prepared was fully carried out and much enthusiasm was manifested.

An excellent program, which appeared in full in The Star of Saturday, was also presented at the Chapin Memorial church. All participating did their work well, and all in attendance spoke in high terms of the entertainment.

## Fined for Larceny.

Daniel Welsh and Mrs. Daniel Welsh, alias Mrs. Emma Heller, of Oneonta, were each fined ten dollars yesterday in Schenectady police court on charges of petty larceny. It is said both came to Schenectady several days ago as man and wife and hired furnished rooms in Hamilton street. A few days after, the police say, all the furnishings except the bed, spring and mattress, together with occupants, were missing. They were taken into custody in Oneonta. — (Knickerbocker Press.)

## Birthday Surprise for Ralph Butts.

A surprise party was given Friday evening to Ralph Butts, of 4 Lewis avenue, in honor of his birthday anniversary. A merry crowd of 30 of his friends stopped in for the evening, and a most enjoyable time was had with games, music by Miss Doris Francisco and Miss Bessie Divan, and other amusements. Later, dainty refreshments were served.

Before departing the guests presented Mr. Butts with a gold pen knife as a token of esteem.

## STAMFORD PASTOR HERE.

Rev. W. D. Caverl Delivers Strong Appeal — Dr. Vickert Coming.

Rev. W. D. Caverl, pastor of the Presbyterian church at Stamford, occupied the pulpit of the First Presbyterian church yesterday morning in the absence of Dr. Koch, and delivered a forceful sermon on the duties and responsibilities of the Christian life. He touched on the progress of the church in America and appealed to all Christians to rally to its banner in the fight against evil, referring to present-day amusements, Mr. Caverl said the stage and "movies" could be made a power for good and the church should see to it that they were kept clean. Rev. Mr. Caverl's sermon was well received by the congregation. He is a 30-year-old man who speaks earnestly and straight from the shoulder.

At the close of yesterday's service, a special Rally Day program was carried out in the Sunday school, with a large attendance. Short talks were given by Rev. Caverl and Secretary Lange, and a violin solo by Dorothy Koch and songs by the primary department were other features.

Next Sunday, Rev. J. E. Vickert, dean of the theological seminary, at Colgate university, Hamilton, will occupy the local pulpit. Dr. Vickert is well remembered by Oneontans, having delivered the baccalaureate sermon.

## Miss Goodrich Tells Residence.

James S. Laver of South Kortright has recently purchased the residence at 44 Main street owned for many years by Mrs. Mary E. Goodrich, and will be given possession this month. The residence is one of the most desirable in that section of the city, and Mrs. Laver is well pleased with her purchase. She expects soon to move into the new home. Mrs. Goodrich will be interested to learn that she does not contemplate leaving the city, but will continue to make Oneonta her home.

## Dr. Augustin Appointed Director.

man to the class of 1919, Oneonta State Normal school. He is an eminent divine and there should be a large congregation present to hear him next week.

## TOOK A LONG JOURNEY.

John Harper, Famous Oneonta Character, Escapes From Poor House.

Referring to the death of John Harper, which was noted in the Cooperstown news of a recent issue of The Star, the Cooperstown Freeman's Journal says: "John Harper, while running away from the county farm, took a further journey than he anticipated. An attendant saw him hobbling on his wooden leg down the path toward the highway and started in pursuit. Catching up, he found John's body beside the path. The physician who examined the body pronounced heart failure as the cause of death."

John Harper, who was wretchedly crippled by one of his legs, had hobbled about Cooperstown and vicinity for his whole life of 75 years. He wore black shoes, buttoned chairs, and sold pencils and shoe strings, in later years with the sole purpose of keeping out of the poor house. Since that institution really drove him the years ago, he had made many escapes. He was fond of song, and a five-cent

piece would wind him up for an entire evening, whether the audience stayed to hear the end of it or not. A member of the audience once asked him how he reckoned on his legs, who will say that John failed to occupy a niche at his last?

John will be remembered by many Oneonta citizens, as until he was confined to the poor house he was a familiar figure about the streets of the city, with his wooden leg and bundle of pencils.

## George Roberts Undergoes Operation.

George A. Roberts of Madison, general manager for U. S. Hallmark circuit of theatres, who has been suffering for several weeks with a tumor on his finger, followed by blood poisoning, was operated upon at Belvidere hospital Friday. Mr. Roberts' left forefinger was removed at the first point and George says that while the being painful the operation was a success.

**Julius Kayser & Co.**  
WALL STREET, ONEONTA, N. Y.

Do you get 20 miles to the gallon of gasoline?

Do you get 12,500 miles to the set of tires?

Are you able to cover all roads easily and safely?

Does your car depreciate so slowly that it has a high resale value?

## How These Things Determine Whether Your Motor Car Qualifies As An Investment

**GASOLINE MILEAGE**, tire mileage, road-ability, depreciation—these four factors measure motor car service.

For today, more than ever before, the buying of an automobile is a matter of wise investment.

These four factors are important—gasoline mileage, because gasoline wastage must be ended; tire mileage, because with most cars that is the largest single item of upkeep; road-ability, because upon it depends your comfort and peace of mind; depreciation, because that is a

sure index to reliability and car life. Franklin results, in these respects, are a matter of record.

For eighteen years the Franklin has won practically every prominent economy run held. Its tires last two years, on the average.

It has established unequalled road records both in time between definite points and in distance within a definite time. And its slow depreciation is attested by the scarcity and high values of used Franklins everywhere.

Owners' averages of Franklin performance are quoted below.
